We have the pleasure of introducing

GIADA LED lamps for interiors

- High intensity, bright and clear light
- Wide and uniform light emission (120° angle)
- LED technology
- Heads in ABS plastic and base in aluminium, all white
- Front filter in transparent multi-stripe polycarbonate
- Available with/without power onboard switch
- 12...32 Vdc power supply
- Long life and low power consumption (6 W)
- Dimensions: 240x70x35 mm

New-concept minimal design, based on LED technology. Light emission is wide and uniform. To be used on work panels, engine rooms, lifts, kitchens and wardrobes. Models available, with or without onboard power switch. Their low power consumption makes them useful for emergency scenarios, powered by a battery.
